Our Services and Remuneration

Outline and Options

Essentially Financial Ltd offers you an initial meeting to understand in broad terms your needs and objectives and to agree with you that our services are right for you going forward. This meeting usually lasts for around one hour, the cost of which is met by our firm.

Thereafter, we offer either an Advice and Ongoing Review or a Transactional Advice service and we will agree which is most appropriate for your needs.

With the Advice and Ongoing Review service we offer a detailed and comprehensive service including the offer of an annual face to face review meeting along with an annual policy statement showing the value of any investments we have arranged for you or come under our management. Your investments held under our influence will also be re-balanced quarterly to maintain your attitude to investment risk where we recommend and operate one of our Model Portfolios. We will also work with you to assess how on track your financial plans are and make recommendations and amendments as needs be.

With the Transactional Advice service, your investments will not be kept under review and we will not provide any ongoing advice.

We charge for our advice and services by way of a fee which may be by an hourly rate, a fixed amount, a percentage base being deducted from the investment contributions/premiums (the contribution) prior to the investment being made, an ongoing fee or a combination of.

Prior to commencing any aspect of work, we will explain and agree with you the services you would like us to deliver and how you will pay for these.

We will always confirm both verbally and in writing to you the cost of our advice and services along with how and when you will be asked to pay for these. We will ask for your consent to the cost of our advice and services in conjunction with the payment method by asking you to sign this client agreement along with our fee agreement.

We cannot and will not charge you a fee for work completed without your prior agreement.

You should be clear about the services you require and how you will pay for them before we proceed with any work that may incur a charge. We will not exceed a specified budget limit without first consulting with you and receiving your written commitment to proceed further.

Generally, we will levy the charge for our services at the end of a given advice process but we may agree with you payments on account before commencement.

Please note that if you subsequently choose to cancel an account, contract or policy where we have agreed the fees to be levied within and you cancel the same within the statutory cooling off period, we will apply the charges as advised.

It is likely that the vast majority of our work will be VAT exempt. However, some ongoing service fees may be liable for VAT depending on the nature of the service we agree with you. If this is the case you may be required to pay the VAT rate applicable at the time which based on our understanding of the rules, may have to be applied retrospectively.

We will inform you if VAT is payable on any element of the services offered. Please note where VAT is payable, we are required to pass this on to Her Majesty's Revenue and Customs (HMRC).

Remuneration - Hourly rates

We are required to quote our Hourly Rates which are:-

Financial Adviser - £175 per hour
Paraplanner - £80 per hour
Administration - £50 per hour

Remuneration - Fixed Amount

We operate a scale of fixed charges which depend on the task/s required, an outline of which is listed below. When this applies, we will advise and agree with you at each stage.

Initial Assessment	£750
Fund Performance Review	£450
Retirement Provision Forecast	£450
Portfolio Valuations	£125
Policy Valuations	£25 per Policy
Provision of Pension Contribution details	£50
Requesting and dealing with a Surrender Value	£50

Certain additional services may be required where we outsource to specialists, an example of which being a Transfer Value Analysis from an existing or former Occupational Pension Scheme. In such an instance we will pass the cost onto you which will be advised and agreed prior to commencement.

Depending on your requirements and your agreement we may also charge you an additional ongoing fee.

And although that below is a guide, we will in a number of cases undertake work on a fixed fee basis.

Remuneration - Investment Lump Sums

Most people opt to pay for our advice and services by the deduction of a percentage based fee from the investment amount sent to the account/platform administrator, fund manager or provider (the provider) prior to its investment.

We have a tiered charging model of 3% on the first £100,000 invested and 1.5% over that amount regardless of the product, tax wrapper or combination of. Our fee for the Ongoing Review service is charged at a maximum of 1% per annum where again most people opt for this to be paid as a deduction from their investment and paid by the provider. Alternatively, you could choose not to have this deducted from your investment and could pay for this separately.

As an example, if you invest a lump sum of £100,000 and our fee is £3,000, that amount will be deducted before the remaining £97,000 is invested. The £3,000 is paid to us by the provider as our fee.

To facilitate this, the provider will need explicit consent that you have agreed to this method of payment and we will ask you to confirm this in our fee agreement for onward transmission to the provider.

The full details will be shown to you on the client specific illustration.

Remuneration - Investment Regular Premiums

Again, most people opt to pay for our advice and services by the deduction of a percentage based fee from the investment amount sent to the provider prior to its investment.

In this instance, our model is that we have a flat charge of 3% on each and every contribution made. As an example, if you make a regular contribution of £100 per month our fee is £3 on each contribution made regardless of the tax wrapper/product. If you make no premium/contribution, no such fee is deducted. Again, this is paid to us by the provider as a fee.

As with Investment Lump Sums, the provider will need explicit consent that you have agreed to this method of payment and we will ask you to confirm this in our fee agreement for onward transmission to the provider.

Again, the full details will be shown to you on the client specific illustration.

Remuneration - Pure Protection Policies

For protection products that are not investment based such as Term Assurance, Critical Illness Cover, Whole of Life and Income Protection Insurance, we receive commission from the product provider. Where this is the case, a separate fee will not be payable unless specifically agreed for any additional work that may be required.

Where we receive commission from a provider we will disclose this to you via the client specific illustration so that you know how much we are receiving for arranging this on your behalf.

Remuneration - Non-investment insurance

For non-investment insurance we also receive commission from a provider. Again, where this is the case we will disclose this to you via the client specific illustration so that you know how much we have received for arranging this on your behalf.
